

*Club Scene is compiled by **Ellie Baskett***

WELCOME TO this month's Club Scene, the place for your news, views and all things Land Rover.

We have a great report from a new Freelander owner and his first off-road weekend with The Freelander Club in North Devon.

We also have a report from the inaugural Interclub Challenge where six Land Rover clubs battled it out to win the Challenge Trophy but

victory finally went to the All Wheel Driving Club.

Congratulations also go to the BHCLRC who are now recognised as an official Land Rover club.

Also, it's time to get your 2007 diaries and start planning your Land Rover event calendar for next year.

Don't forget to keep sending me your news, reports and club events to the usual address by November 17.

■ **OCTOBER 5, 2006** was a historic day for BHCLRC. After five years of negotiation the club has finally received a signed licensing agreement from Land Rover authorised by their legal affairs director.

The agreement allows them to use the Land Rover name and logos. They have also agreed to sign over the trade marked tri-county logo to Land Rover who will protect it on the club's behalf, with a perpetual agreement for them to have sole use of it.

The club can also now call itself a 'Land Rover Approved Club' "in recognition of the quality of activities associated with Club".

Well done BHCLRC!
