BEDS, HERTS AND CAMBS LAND ROVER CLUB

BHC GETS BUSY

Club of the month

It's child's play for club offspring

Harrie Drapar, age 13, from the Beds, Herts and Cambs Land Rover Club took part in her first Tyro trial at Whitwell in Hertfordshire. She said: 'I was the youngest one driving, it was my first trial and my second time behind the wheel. The first section was reversing - if you've ever driven with your parent sitting next to you, you'll know it's not the best combination. The gears were in high ratio not low (not my fault) so I went storming backwards and snapped about four bamboo gates! After swapping to a new co-driver I managed to get only

one point on one of the sections during the trial. Thanks to all the marshals and I now have a new target to reach before I'm 15 - beat dad in a trial!

A party to remember

The Beds, Herts and Cambs Land Rover Club (BHCLRC) celebrated its fifth birthday with a special Birthday Bash promising a 'party to remember'. The club, which

now has over 500 members, enjoyed camping, a barbecue, hog roast, greenlaning, and a family, junior and RTV trial. Despite gales sweeping the site, all had a great anniversary.

It's approved!

After five years, the Beds, Herts and Cambs Land Rover Club has received a signed licensing agreement from Land Rover, allowing the club to use the Land Rover name and logos. The club has agreed to sign over its tri-county logo to Land Rover who will protect it, and the club may now define itself as a 'Land Rover approved club'.
